Subject Index to Volume 29

- Acromegaly**
Sandostatin and predictive value of serum somatomedin-C, 411
lowering of GH and prolactin by cabergoline, 467
- ACTH-releasing hormone**
and pro-opiomelanocortin in thymic tumour in Cushing's syndrome, 649
- Addison's disease**
production of α -melanocyte-stimulating hormone in the pituitary in, 421
- Adrenal adenoma**
deoxycorticosterone-producing in hypermineralocorticism, 367
- α_2 -Adrenergic agonist**
releases GH by non-GRF-dependent mechanism, 309
- α_2 -Adrenergic blocker**
midaglizole in insulinoma, 29
- ACTH**
inappropriate concentrations in adrenocortical carcinoma, 53
response to oxytocin in insulin-induced hypoglycaemia, 257
- Adrenocortical carcinoma**
inappropriate ACTH concentrations, 53
- Androstenediol glucuronide**
and thyroid dysfunction, 529
- Anorexia nervosa**
weight gain, reproductive function, ultrasonography and endocrine features, 607
- Bone density**
reversible loss following hypo-oestrogenism with Buserelin, 45
- Bradykinin-like immunoreactivity**
and pentagastrin-induced carcinoid flush, 141
- Bulimia nervosa**
gonadotrophins, oestradiol and progesterone during menstrual cycle in, 265
- Buserelin**
and reversible bone density loss following hypo-oestrogenism, 45
and menopausal gonadotrophin induce ovulation in PCO disease, 395
effect on pituitary-ovarian response in PCO disease, 403
- Cabergoline**
lowering of GH and prolactin in dopamine-responsive acromegals, 467
- Calcitonin**
effect on GH secretion, 517
- Carbimazole**
high doses in treatment of thyrotoxicosis, 281
- Carcinoid flush**
pentagastrin-induced and bradykinin-like immuno-reactivity, 141
- Catecholamine**
hypothalamic alteration of metabolism in PCO, 317
- Cell**
kinetics and DNA content in thyroid cancer, 477
- Children**
GH determination by time series analysis, 35
GH response to oxandrolone in boys, 123
cholinergic muscarinic blockade suppression of GH by pirenzepine, 289
gonadotrophin, GH and prolactin in primary hypothyroidism, 427
neonatal gonadotrophins and sex steroids in infants of men with hypogonadism, 577
insulin secretion and C-peptide, 625
- Clomiphene**
and positive feedback effect of oestradiol, 509
- Contraception**
male, review, 443
- Cortisol**
response to oxytocin in insulin-induced hypoglycaemia, 257
- C-peptide**
and insulin secretion in children, 625
- Craniopharyngioma**
hCG in cyst fluid and CSF, 503
- CRF**
in differential diagnosis of Cushing's syndrome, 167
- Cushing's syndrome**
CRF in differential diagnosis compared with dexamethasone, 167
stressful life events in, 617
hACTH-releasing hormone and pro-opiomelanocortin peptides in thymic tumour, 649
- Deoxycorticosterone**
and adrenal adenoma and hyperplasia in hypermineralo-corticism, 367
- Dexamethasone**
in differential diagnosis of Cushing's syndrome, 167

- Diabetes mellitus
 circadian variation of GH-dependent IGF-binding protein, and insulin, 667
- Dopamine agonist
 non-ergot, in hyperprolactinaemia, 271
- Endocrines
 in Swyer's syndrome (pure gonadal dysgenesis), 485
- Gene expression
 hormonal control of, review, 348
- GH
 determination in children by time series analysis, 35
 facilitates ovulation by gonadotrophins, 113
 response to oxandrolone, 123
 response to oxytocin in insulin-induced hypoglycaemia, 257
 suppression by cholinergic muscarinic blockade in tall children by pirenzepine, 289
 release by alpha-2-adrenergic pathways by non-GRF mechanism, 309
 gonadotrophin and prolactin in children with primary hypothyroidism, 427
 lowering by cabergoline in dopamine-responsive acromegals, 467
 secretion, effect of calcitonin, 517
- Glutathione S-transferase
 restoration of thyrotrophin reduces levels in thyroxine therapy, 249
- Gonadal dysgenesis
 endocrine investigation in, 485
- Gonadotrophin
 ovulation induction facilitated by GH, 113
 effects of opiate receptor blockade before and after tamoxifen in eugonadal men, 179
 during menstrual cycle in bulimia nervosa, 265
 and induced ovulation with LHRH analogue in PCO disease, 395
 GH and prolactin in children with primary hypothyroidism, 427
 in neonatal infants of men with hypogonadism, 577
 LH and PCO with suppression, 633
- Graves' disease
 thyrotrophin receptor antibodies in, 357
 euthyroid, 357
 and HLA class II DNA genotypes, 539
- Growth deficiency
 GH response to oxandrolone, 123
 current, therapy, 197
- hCG
 biological and immunological activity in pregnancy, 495
- from cyst fluid and CSF in craniopharyngioma, 503
- Head injury
 and hypothalamic hypogonadism, 153
- Hormones
 control of gene expression by, 337
- 18-Hydroxycortisol
 overproduction in familial dexamethasone-suppressible hyperaldosteronism, 297
- Hyperaldosteronism
 overproduction of 18-hydroxycortisol in familial dexamethasone suppressible, 297
- Hypermineralocorticoidism
 and deoxycorticosterone-producing adrenal adenoma, 367
 and adrenal hyperplasia, 367
 without elevated aldosterone, 367
- Hyperparathyroid cells
 secretion of PTH, 643
- Hyperprolactinaemia
 treatment with non-ergot dopamine agonist, 271
- Hyperthyroidism
 FT4-index in methimazole treatment, 239
- Hypoglycaemia
 direct radioimmunoassay for proinsulin in, 9
 insulin-induced effect of oxytocin on adenophyseal and adrenal cortical responses, 257
- Hypogonadism
 hypothalamic following head injury, 153
 neonatal gonadotrophins and sex hormones in infants of men with, 577
- Hypopituitarism
 enzyme immunoassay for thyrotrophin in, 387
- Hypothalamic hypogonadism
 following head injury, 153
- Hypothyroidism
 L-thyroxine treatment of women with 'subclinical', 63
 TSH-dependent elevation of thyroglobulin in, 231
- Iatrogenic damage
 to seminiferous epithelium, and inhibin levels, 659
- IGF-binding protein
 circadian variation of GH-dependent in diabetes mellitus and insulin, 667
- Inhibin
 physiology of inhibin and inhibin-related peptides, 77
 and chemotherapy-induced damage to seminiferous epithelium, 659
- Insulin
 secretory response in insulinoma to midaglizole, 29
 secretion in children and C-peptide, 625
 and circadian variation of GH-dependent IGF-binding protein in diabetes mellitus, 667

- Insulin-like GF1
 levels in ovarian follicles, 327
- Intestinal peptide
 vasoactive, and pituitary, 677
- LH
 feed-back effect of progesterone in post-menopausal women, 1
 responsiveness to opioid antagonist naloxone in male, 17
 responsiveness to naloxone and tamoxifen in male, 179
 changes in secretion following orchidectomy, 189
 response to Buserelin in PCO disease, 403
 surge and clomiphene, 509
 PCO and gonadotrophin suppression, 633
- α -Melanocyte-stimulating hormone
 production in pituitary in Addison's disease, 421
- Melatonin
 review, 205
- Menstrual cycle
 in bulimia nervosa, 265
- Methimazole
 significance of FT4-index in treatment of hyperthyroidism, 239
- Midaglizole
 and insulin secretory response in insulinoma, 29
- Naloxone
 and responsiveness of LH in male, 17
 effect on LH secretion with tamoxifen in eugonadal men, 179
- Oestradiol
 during menstrual cycle in bulimia nervosa, 265
 blockage of positive feedback by clomiphene, 509
- Oestrogen receptor blocker
 tamoxifen and effects of opiate receptor blockade in eugonadal men, 179
- Opiate receptor
 effects of blockade on gonadotrophin secretion before and after tamoxifen in eugonadal men, 179
- Opioid
 antagonist naloxone and responsiveness of LH in male, 17
- Orchidectomy
 and changes in LH secretion, 189
- Osteocalcin
 stimulated by sodium fluoride, 437
- Ovulation
 induction by gonadotrophins facilitated by GH, 113
 induction in PCO by gonadotrophin with LHRH analogue, 395
 and blockage of oestradiol positive feedback by clomiphene, 509
- Oxytocin
 effect on adenohipophyseal and adrenal cortical responses to insulin-induced hypoglycaemia, 257
- PCO syndrome
 evidence for hypothalamic alteration of catecholamine metabolism, 317
 and insulin-like GF1 in follicular fluid, 327
 inducing ovulation with pulsatile menopausal gonadotrophin and GnRH analogue, 395
 pituitary-ovarian response during GnRH agonist administration in, 403
 familial, 593
 LH and gonadotrophin suppression, 633
- Pentagastrin
 carcinoid flush and bradykinin-like immunoreactivity, 141
- Photoperiodism
 and melatonin, 205
- Pineal gland
 and melatonin reviewed, 205
- Pirenzepine
 cholinergic muscarinic blockade by suppresses GH secretion in tall children, 289
- Pituitary function
 and vasoactive intestinal peptide, 677
- Pregnancy
 biological and immunological activity of hCG in, 495
- Progesterone
 feedback effect on LH secretion, 1
 during menstrual cycle in bulimia nervosa, 265
- Proinsulin
 direct radioimmunoassay in hypoglycaemia, 9
- Prolactin
 response to oxytocin in insulin-induced hypoglycaemia, 257
 response to non-ergot dopamine agonist in hyperprolactinaemia, 271
 gonadotrophin and GH in children with primary hypothyroidism, 427
 lowering by cabergoline in dopamine-responsive acromegals, 467
- Pro-opiomelanocortin
 and hACTH-releasing hormone in thymic tumour in Cushing's syndrome, 649
- Propranolol
 with adrenaline releases GH by α_2 -adrenergic pathway via non-GRF mechanism, 309
- Psychiatric conditions
 and melatonin, 218
- PTH
 assay in normocalcaemic patients with renal stone, 131
 secretion by hyperparathyroid cells, 643

- Renal stone disease
assay of PTH in normocalcaemic patients, 131
- Sandostatin
therapy in acromegaly and predictive value of serum somatomedin-C, 411
- Seminiferous epithelium
inhibin and chemotherapy-induced damage to, 659
- Sodium fluoride
stimulates osteocalcin, 437
- Somatomedin-C
predictive value of serum measurements in treatment of acromegaly with Sandostatin, 411
- Stress
in pathogenesis of Cushing's syndrome, 617
- Swyer's syndrome
endocrine investigation in, 485
- Tamoxifen
opiate receptor blockade and gonadotrophic secretion before and after oestrogen receptor in eugonadal men, 179
- Thirst
and osmoregulation of vasopressin secretion, review, 549
